# What is the *Wisconsin Winery Co-op*

Who do we consist of? We are a dedicated group of Wisconsin artisan winemakers who pride ourselves in producing high quality wines with many of us using Wisconsin grown grapes and fruit.

This Co-op has been formed as an avenue of distribution for our high quality wines.

Many of our Wisconsin wineries are growing cold climate grapes and other fruit. These grape varietal names may be new and unfamiliar to most people. We urge you to try our unique wines and discover new and exciting flavors!

Please take time to visit our Co-op members. We are offering you two beautiful, stemmed wine glasses with the inscription, "I did the Wisconsin Winery Co-op Wine Trail," an elegant souvenir for your support of our Co-op members. Once you have discovered the quality wines made here in Wisconsin, we ask you to look for them in your favorite beverage store. If you don't find them, please ask the manager to carry... Wisconsin Winery Co-op wines!

We appreciate your support in buying locally produced products.

Cheers...
